To whom it may concern

This is to confirm that I have known Mr and Mrs J Reid for over thirty years
I was Private Tutor to their Grand son Joseph for approx seven years and taught him
in the converted property built on their land

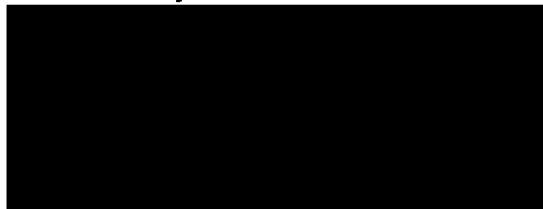

I was aware that Mr Reid had been living in the converted stables from 2004 due to
the breakdown of the marriage to Mrs Reid and has continued to do so
I visit from time to time as I am still on good terms with them both and although I
hoped that they would be able to make up their differences he is still living apart from
her in the converted stables

I taught in there as there was not enough space in the mobile home and it was also
better for Joseph's concentration as there was nothing to distract him

I was a Lecturer at Brinsbury College for twelve years and ran the Grooming Parlour
there after which I took up Private Tutoring for Traveller Education in Worthing
Now I am the manager of the caravan park where I live employed by WSCC

If you wish to contact me my numbers are 

Yours Sincerely

Kathie Kirk (Mrs)
