Comments from Greenspace:

We refer to our comments of 21/04/2015 submitted under application A/23/15/OUT which still stand as follows:

Landscape drawings 1117-P-11 Rev C and KL.264.001 Rev C show indicative schemes, which whilst show a comprehensive mix are only an indicative layout. Plans would be required that detail a full landscape scheme submitted for approval. These would need to detail species choice, position, densities and size at time of planting. These should be plotted in plan and list form and in relation to the trees and vegetation to be retained so that a clear picture of the proposals can be seen. These details are required to ensure that appropriate screening is provided, maintaining and uncompromising the setting and ensuring that the proposals fit within the area of neighbouring development and properties and neighbouring South Downs National Park, whilst benefiting the potential of the proposed developments usage.

Trees within the site boundary may provide significant aesthetic impact and screening to this location. Any trees in particular along the boundaries, and which provide screening of the road and railway line and also which adjoin neighbouring development could provide potential valuable screening and should be protected and retained. Any considered tree works within the site should be agreed with Arun District Councils Tree Officer. Root protection Areas (RPA) from the tree cover to the North and group planting to the South of the site should extend into the development site. Before construction, a tree protection scheme must be in place for these adjacent trees whose root protection areas fall within the construction zone from neighbouring land. This would be required for both construction and heavy vehicle movements for deliveries. This should be in accordance with BS 5837:2012 'Trees in relation to construction'

Long term management of the developing landscape would need to be considered. The landscape scheme should maximise the biodiversity of the site with the inclusion of native species and the retention of a variety of habitats.

NOTIFICATION FROM ARUN DISTRICT COUNCIL
Town & Country Planning Act 1990 (as amended)
Town & country Planning (Development Management Procedure)
(England) Order 2015 - Article 5

Outline Consent

APPLICATION **A/11/17/OUT**

NO:

Registered: 18th January
2017

Site Address: Land south of New Road (A259) & East of Brook
Lane Angmering

Grid Reference: 505229 103406

Description of Works: Hybrid Application to include Full planning permission for a retail unit (Class A1) comprising 1,487sqm with associated access, car parking, servicing, landscaping & associated works & Outline planning permission with some matters reserved (scale & appearance) for public house (Class A4) comprising 581sqm (resubmission following A/23/15/OUT).

The Council have received the above application. I shall be pleased to receive any observations you may wish to make.

[Click here to view the application details](#)

Should you have any comments to make, these should be sent by replying to this email by 23-FEB-17.

You can also monitor the progress of this application through the Council web site:

www.arun.gov.uk/planning

Please be aware that any comments you may make will be available on our website so please do not insert personal details or signatures on your reply.

In the absence of a reply within the period stated, I shall assume that you have no observations to make.

The application will be determined having regard to the development plan policies (if any are relevant) and other material considerations. The development plan can be accessed via the website as can the leaflet which deals with material planning considerations.

Should the application go to appeal the Planning Inspectorate will publish any comments made to the Council on their website: www.planningportal.gov.uk/planning/appeals/ but they will protect personal details.

The officer dealing with this application is Claire Potts who can be contacted on telephone number 01903 737698.

Regards
Planning Officer
