Anita

Please find attached revised elevation 004C showing dummy pitched roof plus additional street elevations 007, 008. Should you wish to discuss further please do not hesitate to contact me

Regards

Paul Clarke

Dear Mr Clarke,

I have today received an objection relating to the pool covering in terms of its design, height and position in relation to sight lines.

To demonstrate the impact of this part of the development on visual amenity I would appreciate receipt of additional street scene views showing the extension in relation to the site boundary treatments to the north, south and east. Without prejudice, I would also request that your client considers the possibility of providing a false pitch to the roof along the south, east and west elevations.

Regards
Anita Gardner
