

Please upload the revised layout plan from the applicant onto Ocella for A/122/19/OUT.

Thanks,

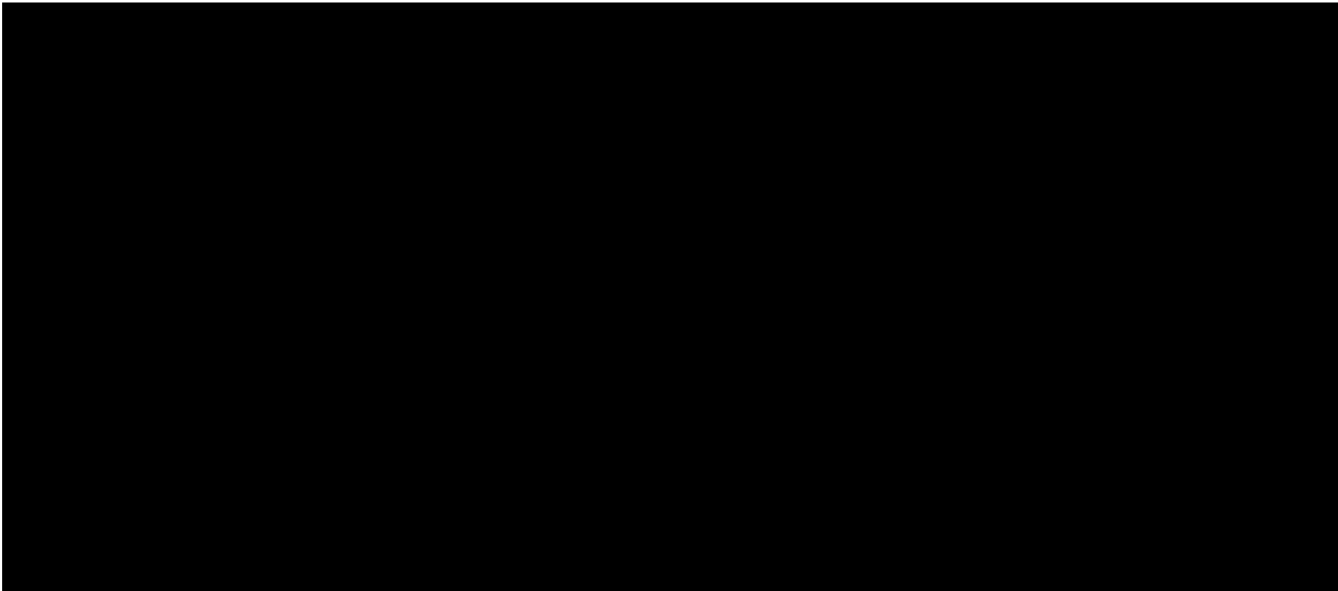

Michael

Hi Michael,

Apologies for this being missed from our responses to consultee comments – it’s entirely my fault and should have been shown.

Thanks,
Steve

Hi Steve,

Thank you for attending the Angmering Advisory Group meeting last night.

We have just had a discussion in the office about the revised layout plan and we are happy for the **Locally Equipped Area of Play (LEAP)** to stay within the Central Green as shown on Drawing No. CSA/3467/136 Rev. C.

Please could a **Local Area of Play (LAP)** be added to the layout plan? It would be good if the LAP was located within the residential area.

I look forward to receiving your response.

Kind regards,

Michael
