Dear Mr Cobelli,

Your application A/124/18/T is currently set to be refused following comments from the Arboriculturist as attached.

However he has provided some advisory comments.

- *Reduce top-height by no more than 2m.*
- *Reduce radial spread by no more than 1m. Overlong branches that protrude beyond the crown's common profile may be reduced to a greater extent to complement the majority.*

Please let me know if the advisory comments are acceptable by Friday 9th November and I can amend the description to be in line with the recommendations and can write it up to recommend approval.

Many Thanks

Charlotte
