

Richard

As mentioned on our site visit yesterday, we have one current S73 application (A/125/19/PL):

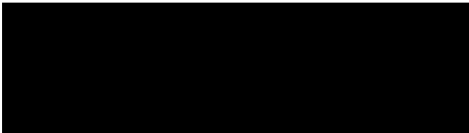

Variation of condition 16 following the grant of A/132/17/OUT to read 'No dwelling shall be first occupied until the approved cycle parking has been provided for that dwelling in accordance with the details approved under application A/82/18/DOC'.

I note that the application has passed its consultation expiry deadline and that there have been no objections to the application. Can the decision on this no be issued please, as it is required prior to occupation of the first units on the site.

Best regards
