Dear Mrs Johnson

Further to our conversation, please find attached:

- A completed Application for removal or variation of a condition following grant of planning permission. I could not find details of the previous Planning permission, but I have completed this to the best of my knowledge
- An updated Location Plan showing two road names
- Completed Local Validations Requirements Checklist.
- Completed Biodiversity Checklist

I recognise that there is still the fee to pay for the variation. My preference would be to pay by card due to the time take to request a cheque from the County's accounting system. Are you able to advise the easiest means of paying the fee?

If it is easier to discuss please give me a call.

Thanks
Rob
