Dear Sir

Proposal: Detached Garage.
Site: Field House, The Thatchway, Angmering, Littlehampton, West Sussex
BN16 4HJ.
A/139/10/

Thank you for your letter dated 08/11/2010.

Southern Water has no objections to the above proposal.

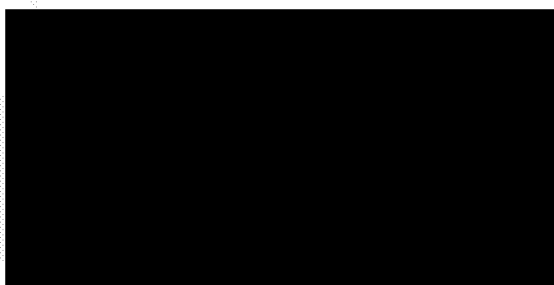

Please find attached a plan of the sewer records showing the approximate position of a public sewer crossing the site. The exact position of the public sewers must be determined on site by the applicant before the layout of the proposed development is finalised. Please note:

- No development or new tree planting should be located within 3 metres either side of the centreline of the public sewer.
- All existing infrastructure should be protected during the course of construction works.

Contd...

In order to protect drainage apparatus, Southern Water requests that if consent is granted, a condition is attached to the planning permission. For example "The developer must advise the local authority (in consultation with Southern Water) of the measures which will be undertaken to protect the public sewers, prior to the commencement of the development".

Yours faithfully

SOUTHERN WATER
