Morning Peter,

The covered storage area to the east of the site is a basic metal frame system with a green polythene covering to match the colour of the main building. I have attached a link below from the company supplying the product and installation. Is this sufficient information?

Hi Ben

I have just had a look through the materials that you dropped in earlier in the week and the schedule of materials and finishes drawing.

This doesn't appear to have any detail of the materials and finishes for the storage building, please could confirm what these will be?

Kind regards,
Peter
