Please ask for:

Technical Support Unit on extn. 37711

4th October 2019

Dear Mr Paul Tulley

Development:

T1 - Turkey Oak

2m radial spread reduction from 9m to 7m. Height reduction by 2m, from 20m to 18m (to balance shape) close to previous reduction points several years ago.

Removal of deadwood.

Reasons: to contain tree from overhanging property, whilst maintaining natural crown shape.

The tree has 10% dieback within crown and does shed branches. The crown reduction should reduce falling debris and strengthen tree.

T2 - Cockspur Thorn - Fell

A small tree that has been strangled by Honeysuckle. Is in poor health and poor form. (50% dieback).

T3 - Cypressus Conifer (20m) to remove sucker growth stem only that leans to the West, leaving main tree intact. Crown lifting tree to 3m by removing dead lower branches.

Reasons: to tidy tree aesthetically and allow more light at base.

T4 - Cherry.

Very minor reduction to tidy tree. 0.5m radial reduction to Western aspect, from 5m to 4.5m.

Radial reduction by 1.5m to Southern aspect to balance, from 6m to 4.5m.

All dead wood removed.

Briar removed from crown.

Reasons: to improve both health and amenity value.

Location:

Raffles Place West Drive Angmering

Thank you for your application submitted via the internet on 3rd October 2019. It is being dealt with by the Technical Support Unit and has been allocated the reference number

A/139/19/T.

We will contact you shortly with further details.

For details on how the Council will deal with your data, please refer to our privacy notice called Privacy statement planning application on the website

www.arun.gov.uk/planning-privacy-statements

This letter does not confirm validity of the application/documentation submitted.

PMAC71p
Yours sincerely
