Dear Mr Elsey,

Thank you for your email below.

In order to apply for permission to connect to the public sewer you will need to submit an S106 application.

Southern Water application forms can be submitted online from our website at
<https://developerservices.southernwater.co.uk/>

New accounts can be created by clicking the 'Sign Up' button at the top right of the Portal homepage.

Please note that you need to Sign Up before you can complete the application. Your password must be at least eight characters and contain at least one lowercase, one uppercase and one non-alpha-numeric character.

You will receive an email to activate your account.

Existing users can access the system by clicking the 'Login' button.

Please ensure that you click on the 'Submit' button to submit your application.

Please also see the attached document.

Please note that the application is just for permission to connect. You will need to employ a private contractor to carry out all of the work.

Yours sincerely,

Developer Services

Subject: Foul Connection Application - BN16 4EN

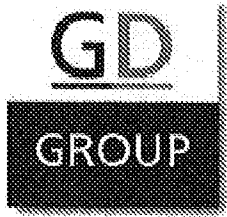

Good Afternoon Southern Water,

Following previous correspondence on the attached/aforementioned development.

Can you please provide me with the forms to carry out a formal application for a connection to the public foul sewer along with relevant fees.

Kind regards

James Elsey
