

To the Planning Officer A/149/20/1
6 Longback Cottages
Angmering

To Whom it may Concern. Mr Neil Crowther

My name is Mr D Spooner of 1 Bewley road Angmering I am a tenant of 1 Bewley Road
This is council owned Property. I wish to Reject the Proposal of 6 Longback Cottages

My Reasons are as follows. to side Extension

This will stop a lot of light (sun light) to my garden. also if there are windows put in this
build we will be very overlooked.

Tiling or paving the drive will also cause problems, as rainwater will have no where to go.
We are already suffering problems with the Sewers as the main pipe runs under the public
footpath.

The Brick wall Dividing the 2 properties is in the state of Collaps the wall running down the
footpath is tied to the other to hold it up, the wall down the side of 6 Longback is owned by
the owner. The wall along the footpath is owned by Arun Dis Council who Replaced the wall in
2014/2015.

The property 6 longback is a listed Build I cannot see that they will be able to Retain the
listed Status.

This build will be Approx 12 YDS from my lounge window.

I REJECT THIS BUILD ON THESE GROUNDS.

I do agree to the Windows at the front to be replaced like for like this will make the property
look a lot better.

BUT the Side Extension to the Property is a Definite NO.

This Extension is also being rejected by my neighbour Mr Saunders at number 3 Bewley Road it
would be a good thing to send us a copy of the plans, as this New Build will take more light from
our Gardens, also we do not wish to have a Brick wall with possible windows.

We do not want to be overlooked Please take this in to consideration.

Yours faithfully
