Dear Andy,

Thank you for your email. Unfortunately the application is still invalid for the following reasons:

1. Plan Not To Scale: The Block Plan does not show a stated scale. In addition to this the plan has been submitted at a very large paper size so is unlikely to measure correctly to scale;
2. Elevations Required: We require As Built elevations (as the proposal has already been completed), drawn to a stated standard scale such as 1:50 or 1:100;
3. Block Plan Insufficient: You are required to annotate all dimensions from the proposed decking to the boundary. As you have stated in the forms you are also applying for fencing you need to show this on the Block Plan. Please also annotate a title on the drawing.

Kind Regards,
Charlotte Bodin
