Hi Nicola,

Please see below email. This is the first I have heard of this, the applicant hasn't contacted me at all until yesterday when he emailed to ask if I has received his additional information.

I have attached what he has submitted so far which I don't think would be considered enough to validate the application? He is applying retrospectively for decking and fencing.

Thanks,
Charlotte

Dear Andy,

Thank you for your email. Unfortunately the application is still invalid for the following reasons:

1. Plan Not To Scale: The Block Plan does not show a stated scale. In addition to this the plan has been submitted at a very large paper size so is unlikely to measure correctly to scale;

The plan is purchased on line the scale is at the bottom

2. Elevations Required: We require As Built elevations (as the proposal has already been completed), drawn to a stated standard scale such as 1:50 or 1:100;

I sent the photos as told to do so by Daun and accepted, the measurements are shown on it
