Technical Support Unit on extn. 37711

31st October 2019

Dear Mr Rob Dennis

Development:

T1 - Monterey pine - The large phototrophic growing limbs and heavy cones overhang Mr Walkers garden by approximately two thirds, now shading out the rear garden and are on the verge of coming into contact with the property, a second issue is the large cones falling, they are large enough to cause significant harm to Mr Walker and his wife and their Grandchildren that frequent the house

Reduce all limbs overhanging the property by a maximum of 2 metres and remove all pinecones within the catchment area of the rear garden.

Tree is in Tall Trees garden owned by Mr Wiggins (has been spoken to) viewed from Mr Wiggins property there are no limbs on the north side of the tree

Location:

1 Alexander Avenue Angmering
