Dear Sirs

Re: St Margaret's Angmering, Tree works (Section 211 notification)

In accordance with Section 211 of the Town and Country Planning Act 1990, I am writing to advise you of our intention to fell or otherwise cut back trees in the churchyard of St Margaret's Church, Angmering which lies within the conservation area.

I have attached a drawing of the churchyard identifying the location of the seven trees in question for your information and confirm the works as:

- ✕ • T10 – Holly tree – Tree has substantially died back or is dead and requires felling for safety reasons.
- ✕ • T15A – Cherry tree – Tree has died and requires felling for safety reasons.
- ✕ • T17 – Holly tree - Tree has substantially died back or is dead and requires felling for safety reasons.
- ✕ • T18 – Cherry tree - Tree has substantially died back or is dead and requires felling for safety reasons.
- ✕ • T87 – Holly tree - Tree has substantially died back or is dead and requires felling for safety reasons.
- ✕ • T88 – Holly tree - Tree has substantially died back or is dead and requires felling for safety reasons.

- T72 – Monterey pine – Some of the limbs to this tree have died back. We have recently commissioned an inspection of this tree by Dr. Martin Dobson, *BSc (Hons) Biol, DPhil, FArbora, RCarborA, MEWI* Arboricultural Consultant. I have attached a copy of Martin's report for your information which recommends that the various lower branches which have died back should be removed. We therefore seek permission to undertake removal of the dead limbs, all as Martins report.

In view of the potential safety concerns we would appreciate your earliest response on this matter.

Please do not hesitate to contact me should you wish to discuss the proposed works.

Yours sincerely

Chairman of St Margaret's Building Advisory and Action Group.
