Hi Anita

Just to confirm the tree protection works were completed this afternoon and I now have the photos to demonstrate this (as attached). However, I think Mark would benefit from a short note from the Arb Consultant to confirm the line is in the correct place and signage erected etc. This note will be issued on Monday.

On this basis I formally request an extension until 22nd November (or longer if you see fit) for Mark to respond.

In the interim, please find attached the photos of the works.

Kind regards

Hi Anita

I'm just waiting on the report which we are doing as quickly as we can. I appreciate the need to ask Mark his views, and hope he can do so relatively easily.

If I can't get you the report today, could we extend by just a week (from the 14th to the 22nd November)?

Welcome your thoughts. I hope you concur a short extension will facilitate discharge quickly and easily.

Thanks very much

Hi Anna,

I don't believe that I saw an e-mail yesterday.

Can you let me have the details today so that I have sufficient time to allow for a response from Mark?

Thanks

Anita

Hi Anita

Yes, they have visited site and corrected the alignment and displayed the signage etc. I will submit the report and photos on Monday which should give Mark all he needs for a decision by 14th.

I hope this is acceptable but do give me a call or drop me an email if you have any further queries.

Kind regards

Dear Anna,

Please find attached the tree officer's comments.

As per the recommendations can the project arboriculturist be instructed to attend site and supervise the necessary refinements and submit a brief report to us confirming their completion, preferably with supporting photographic evidence.

Once that information has been received, we should be in a position to recommend approval of the DOC. Please can you agree to a month EOT until 14-11-2021 to allow for the inspection and submission and subsequent consideration and issuing of the DOC?
