Hi Ross,

Many thanks for the heads up and apologies for the error. I have amended the plan to state 4500mm

Kind Regards

Dear Mr Shear,

I refer to the above application. In this case, your drawing number 17/37 SK1 Rev B dated 20.06.2017 refers.

I was in the process of dealing with your application, which was passed to me today. However, there is a discrepancy in terms of the depth dimensions. The plan indicates 4000mm and it also measures this, but the side elevation indicates 4500mm and it also measures this.

Whilst I appreciate that neither exceeds the 6m limitation, please confirm which is the correct depth dimension and provide a drawing which shows the correct depth.

Your application must be decided on or before 09 November 2017 and the revised drawing is therefore required before then. Please confirm that this will be submitted in good time (at least 1 day) to allow time to issue a decision. Failure to do so will otherwise unfortunately result in a refusal of the application.

I look forward to hearing from you ASAP.

Regards,

Ross
