OWPC39799

No infrastructure in place. Already a vast amount of new housing in the locality putting a strain on all services as no extra has been provided. Traffic will be horrendous. Given that roundabout is already busy and has traffic jams at peak times, traffic backed up to the level crossing, this extra road and estate will increase that further putting strain of the local area, businesses, commuters. Increasing pollution further due to traffic. It is attached to a small village and will further harm the area with traffic, congestion and pollution. Further decreasing the green areas that is part of the character and beauty of this small part of West Sussex. There is already disruption caused by large amount of house building and the road widening. This community cannot cope with yet another development pushed through by people who wish to make money and care not for the communities and environment. I shall be objecting forcefully to this, having recently moved from East Preston too.

Your views as made above will be considered before the application is determined.
