Thank you for your internet representation made on 22nd August 2021 which has been recorded as an objection with the comments as follows:

OWPC39826

We totally object to this planning application. The traffic down here is horrendous already as can be verified by the building of a dual carriageway of the A259, which if this application is passed, would be insignificant. It would add to the terrible pollution we have here already from heavy traffic. This Gap is our green lung which is so important now. Also for food production which may be required even more in the future. It puts more pressure on an already bursting infrastructure.

Also it's a departure from the Local Development

Plan. Arun Council must listen to their electors and not let us all down, or it will appear there is a weakness in Planning somewhere.

Your views as made above will be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish your comments including your name and address on the website. Please make sure that you have only provided information that you are happy will be published in this way.
