Firstly, I am aware that people need homes and certainly there has been a huge amount of building going on in the area, some good and some questionable,

But this latest proposal is the worst I have ever seen. That area is already over used, DANGEROUS because of the cars parked outside existing houses, causing congestion and difficulty for buses/lorries/vans to pass by and holding up other traffic. Plus in the middle of all that there are bikes and children trying to cross the road. All of that before you try to cross or join the A259. It's an accident waiting to happen and somebody is going to get badly hurt. Not only that but it is so difficult to get onto the roundabout and I can't see that the roadworks when completed will improve the situation. This describes the present conditions, let alone the suggestion of building 76 more homes in that vicinity.

Your views as made above will be considered before the application is determined.
