OWPC39908

When will this endless [REDACTED] of the countryside ever end? As so many people have already said the environment and facilities cannot support the current level of people and traffic that already exists. If this is allowed to go ahead it will be an absolute disgrace, not enough doctors, not enough dentists, not enough schools, not enough road space, this area is virtually gridlocked as it stands. Who is going to stand up and follow through with all the various claims about going green, saving our environment, saving the planet for future generations, is it all just lip service?

Your views as made above will be considered before the application is determined.
