Thank you for your internet representation made on 7th September 2021 which has been recorded as an objection with the comments as follows:

OWPC40165

I object to this planning application. The A259 is already very congested, this will further be exacerbated when the additional 700 homes planned for this area are developed. Even when current road works are completed the congestion on A259 will continue to be ongoing. To further add another 76 homes with more vehicles will see the levels of air pollution increasing at a time when we are supposed to be reducing our impact on the environment. With schools and medical practices already over subscribed we should not by necessity be forcing more vehicles on this road. This land is currently used for arable purposes and should remain so. As a country we should be producing more of our own food and importing less. It is not right that arable land (as in the local plan) is deemed to be ripe for target by property developers and must be resisted.

Your views as made above will be considered before the application is determined.
