Dear Sir,

I wish to send in the following objection to this development:

Ferring has been fighting very hard to keep the two green 'lungs' on either side of their village. These are designated green spaces considered vital for people's well-being by all the local parishes and Worthing. It was devastating when the enormous ASDA development went ahead, blotting out the view of lovely Highdown Hill for residents of

Ferring, East Kingston, West Kingston and East Preston from their houses or from walking on their Gap. A large housing estate on part of the East Preston/ Ferring Gap is completely contrary to its purpose as a green gap. As you well know, the A259 is unable to support any extra traffic even before further developments in Angmering. At certain times of the day, local Ferring residents are almost locked in their village when they try to drive east towards Worthing and up to the A259 and Titnore Lane.

I doubt whether other infrastructures like schools would also be able to cope.

I am sending a strong objection to this development mainly on the grounds that it cannot and should not go ahead on a designated green space.

Yours faithfully,

Patricia Hall
