I STRONGLY OBJECT to this planning application ,

The land in question is part of the 'Goring Gap' which has been a protected agricultural / green space buffer south of the A259 along the coast for years.

A very well used footpath linking Goring to East Preston crosses it and every Council representing people living within the area strongly opposes development. It is designated as green space within the village plan and adjoins a constantly very busy main road with four junctions at a roundabout.

The south coast is already extremely over-populated and contaminated by traffic and the area of the Goring Gap must not be built on.

Angela Love
East Preston
