Subject: Application A/168/21/PL - Objection!

CAUTION: This email originated from outside of the organisation. You should take extra care when clicking links or opening attachments - if you are unsure the content is safe contact the IT Helpdesk before clicking or opening.

Good afternoon,

I have received a letter today from Redrow homes regarding their appeal against the refusal to build 76 houses as per the above planning reference number.

I objected to the initial submission and wish to do so again.

There are far too many new house being built in and around Angmering. The infrastructure Simple's cannot cope, there are already issues and long waits to get to see a Dr, NHS dentists are non existent and school placements etc are already being Fault over.

In addition despite the widening of the A259 the traffic is unbearable for existing local residents as it is and adding more houses will only make this worse.

Please please do not allow this proposal to go ahead, the area has already been drowned by new houses popping up and we should be conserving our green spaces not allowing developers the opportunity to exploit what's an already over crowded 'village', if you can seriously call it that anymore?!
