To Whom it May Concern

I would like to further lodge my opinion on the appeal of the decision to deny the building 76 new homes on this application, this would be a disaster of a development in all aspects, the impact on the environment is clear to see the sad loss of important green space around our village would be hugely detrimental to the future of our village. Not only that but the addition of 76 homes on the edge of a village that is already fairly stretched in schools and health care provisions would be an utter disaster. The impact on the already extremely painful road traffic issues would also be catastrophic. The council did the right thing previously in rejecting his application and they should do the same again.

Best Regards

Nick Warren
