Dear Sir/Madam,

I have received a letter from Redrow containing a plan of their revised layout for land south of the Littlehampton Road & east of Worthing Road. It hasn't changed my opinion of this proposed development.

Once again I must protest most strongly about this proposed development. As someone who is a keen runner & walker, I often use the public right of way across this land. I have seen Buzzards, Red Kites & Sparrowhawks hovering in the sky over this land looking for prey. If this development were to go ahead, these birds would lose another of their hunting grounds.

I cannot understand how these developments are ever given the go ahead as once again, it would be prime agricultural land that would be built on. This country relies on a great deal of imports. We can't grow enough crops to feed ourselves, but companies like Redrow just don't seem to care. With the proposed development by Persimmon Homes on the northern Goring Gap, we won't have any Gaps left soon. Welcome to the urban conurbation that stretches from Littlehampton to Rottingdean.

I know this sounds over the top, but this proposed development, like many others in the area is utter madness. Why do these building firms seem hell bent on concreting over the south coast. To quote the lyrics from a famous song, "You don't know what you've got till it's gone."

Kind regards,

David Simmons.

David Simmons.
