LEGISLATIVE BACKGROUND

Section 192(2) of the Town and Country Planning Act 1990 states:-

If, on an application under this section, the local planning authority are provided with information satisfying them that the use or operations described in the application would be lawful if instituted or begun at the time of the application, they shall issue a certificate to that effect; and in any other case they

shall refuse the application.

In this instance the proposed works will be assessed against the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended.

- Class A, which pertains to the enlargement, improvement, or other alterations to a dwellinghouse.
- Class B, which pertains to the enlargement of a dwellinghouse consisting of an addition or alteration to its roof.
- Class C, which pertains to any other alteration to the roof of a dwellinghouse.
- Class G, which pertains to chimneys, flues etc on a dwellinghouse.

Provided the proposed works satisfy the relevant criteria, and that no restrictive conditions to development have been imposed on the site, the proposed works will constitute Permitted Development and would not require planning permission. If the works fail to accord with the criteria then planning permission will be required for them to take place.

CONCLUSION

The proposed fenestration on the west elevation falls to be assessed under Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). Class A states:

A. The enlargement, improvement or other alteration of a dwellinghouse.

A.1 Development is not permitted by Class A if-

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use);
- (b) as a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);
- (c) the height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the highest part of the roof of the existing dwellinghouse;
- (d) the height of the eaves of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the eaves of the existing dwellinghouse;
- (e) the enlarged part of the dwellinghouse would extend beyond a wall which-
 - (i) forms the principal elevation of the original dwellinghouse; or
 - (ii) fronts a highway and forms a side elevation of the original dwellinghouse;
- (f) subject to paragraph (g), the enlarged part of the dwellinghouse would have a single storey and-
 - (i) extend beyond the rear wall of the original dwellinghouse by more than 4 metres in the case of a detached dwellinghouse, or 3 metres in the case of any other dwellinghouse, or
 - (ii) exceed 4 metres in height;
- (g) for a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single storey and-
 - (i) extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached dwellinghouse, or 6 metres in the case of any other dwellinghouse, or
 - (ii) exceed 4 metres in height;
- (h) the enlarged part of the dwellinghouse would have more than a single storey and-
 - (i) extend beyond the rear wall of the original dwellinghouse by more than 3 metres, or
 - (ii) be within 7 metres of any boundary of the curtilage of the dwellinghouse being enlarged which is

opposite the rear wall of that dwellinghouse;

(i) the enlarged part of the dwellinghouse would be within 2 metres of the boundary of the curtilage of the dwellinghouse, and the height of the eaves of the enlarged part would exceed 3 metres;

(j) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse, and would-

(i) exceed 4 metres in height,

(ii) have more than a single storey, or

(iii) have a width greater than half the width of the original dwellinghouse;

(ja) any total enlargement (being the enlarged part together with any existing enlargement of the original dwellinghouse to which it will be joined) exceeds or would exceed the limits set out in sub-paragraphs (e) to (j);

(k) it would consist of or include-

(i) the construction or provision of a verandah, balcony or raised platform,

(ii) the installation, alteration or replacement of a microwave antenna,

(iii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe, or

(iv) an alteration to any part of the roof of the dwellinghouse; or

(l) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

The proposed hip to gable with dormer to rear elevation falls to be assessed under Schedule 2, Part 1, Class B of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). Class B states:

B. The enlargement of a dwellinghouse consisting of an addition or alteration to its roof.

B.1 Development is not permitted by Class B if-

(a) permission to use the dwelling/house as a dwelling/house has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use);

(b) any part of the dwelling/house would, as a result of the works, exceed the height of the highest part of the existing roof;

(c) any part of the dwelling/house would, as a result of the works, extend beyond the plane of any existing roof slope which forms the principal elevation of the dwelling/house and fronts a highway;

(d) the cubic content of the resulting roof space would exceed the cubic content of the original roof space by more than

(i) 40 cubic metres in the case of a terrace house, or (ii) 50 cubic metres in any other case;

(e) it would consist of or include

(i) the construction or provision of a veranda, balcony or raised platform, or (ii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe;

(f) the dwelling/house is on article 2(3) land;

(g) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses); or

(h) the existing dwellinghouse has been enlarged in reliance on the permission granted by Class AA (enlargement of a dwellinghouse by construction of additional storeys).

B.2 Development is permitted by Class B subject to the following conditions -

(a) the materials used in any exterior work must be of a similar appearance to those used in the construction of the exterior of the existing dwelling/house;

(b) the enlargement must be constructed so that

(i) other than in the case of a hip-to-gable enlargement or an enlargement which joins the original roof to the roof of a rear or side extension;

(aa) the eaves of the original roof are maintained or reinstated; and (bb) the edge of the enlargement closest to the eaves of the original roof is, so far as practicable, not less than 0.2 metres from the eaves, measured along the roof slope from the outside edge of the eaves; and

- (ii) other than in the case of an enlargement which joins the original roof to the roof of a rear or side extension, no part of the enlargement extends beyond the outside face of any external wall of the original dwelling/house; and
- (c) any window inserted on a wall or roof slope forming a side elevation of the dwelling/house must be (i) obscure-glazed, and (ii) non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed.

The proposed roof windows to the front roof slope fall to be assessed under Schedule 2, Part 1, Class C of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). Class C states:

C. Any other alteration to the roof of a dwellinghouse.

C.1 Development is not permitted by Class C if -

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use);
- (b) the alteration would protrude more than 0.15 metres beyond the plane of the slope of the original roof when measured from the perpendicular with the external surface of the original roof;
- (c) it would result in the highest part of the alteration being higher than the highest part of the original roof;
- (d) it would consist of or include -
 - (i) the installation, alteration or replacement of a chimney, flue or soil and vent pipe, or
 - (ii) the installation, alteration or replacement of solar photovoltaics or solar thermal equipment.
- (e) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

Conditions

C.2 Development is permitted by Class C subject to the condition that any window located on a roof slope forming a side elevation of the dwellinghouse must be -

- (a) obscure-glazed; and
- (b) non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed.

The removal of chimney falls to be assessed under Schedule 2, Part 1, Class G of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). Class G states:

G. The installation, alteration or replacement of a chimney, flue or soil and vent pipe on a dwellinghouse.

Development not permitted

G.1 Development is not permitted by Class G if -

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use);
- (b) the height of the chimney, flue or soil and vent pipe would exceed the highest part of the roof by 1 metre or more; or
- (c) in the case of a dwellinghouse on article 2(3) land, the chimney, flue or soil and vent pipe would be installed on a wall or roof slope which
 - (i) fronts a highway, and
 - (ii) forms either the principal elevation or a side elevation of the dwellinghouse.; or
- (d) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

The property known as 31 Palmer Road is a semi-detached bungalow and neither listed or within a Conservation Area. The external materials and finishes would match the existing dwelling.

There are no permitted development restrictions upon this property.

The proposed hip to gable with dormer to rear elevation, roof windows to the north (front) roof slope and new fenestration on the west elevation complies with relevant sections of Schedule 2, Part 1, Classes A, B, C and G of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). It is considered to be permitted development and as such does not require the submission of an application for full planning permission.

RECOMMENDATION

PP NOT REQUIRED

The Arun District Council hereby certify that on 5 February 2026 the development described in the First Schedule to this certificate in respect of the land specified in the Second Schedule to this certificate and edged in black on the plan attached to this certificate, would have been lawful within the meaning of Section 192 of the Town & Country Planning Act 1990 by reason of compliance with the relevant criteria within Schedule 2, Part 1, Classes A, B, C and G of the Town and Country Planning (General Permitted Development) (England) Order 2015.

FIRST SCHEDULE

The proposed hip to gable extension with dormer to rear elevation, roof windows to the north roof slope and new fenestration on the west elevation as shown on the following plans:

- Location and Block Plans 1.001.
- Proposed Floor Plans and Roof Plan 2.001.
- Proposed Elevations Plan 2.002.

SECOND SCHEDULE

31 Palmer Road, Angmering, West Sussex, BN16 4LJ.

EXTENT OF USE

Lawful Development Certificate for a hip to gable with dormer to rear elevation, roof windows to the north roof slope and new fenestration on the west elevation.
