For the Attn of Mrs A Gardner

9th November 2017

Dear Mrs Gardner

Re Proposed Holiday Cottages at Herons Farm, Dappers Lane, Angmering
Plan No A/171/17/DOC

Further to your two e-mails dated 2nd November in connection with the above, I herewith enclose the requested additional information:-

- 1 Mark Newman Associates site survey drawing 0617/063/01 which shows all the existing site levels.
- 2 Our drawing 459/08 upon which the section A-A notes levels taken from the Mark Newman Associates drawing together with the proposed finished floor levels. (I have highlighted the levels common to both drawings for your reference).
- 3 Drawing 459/08 which has been further updated to include plant numbers/pot sizes for the proposed planting.
- 4 Drawings 459/08 and 459/03 which have been amended to show, in each case, the extent of the new fencing. The height of the front post and rail fence has also been noted as being 1.0m as requested.

Whilst writing I would also confirm our agreement to the requested extension of time until 16th November.

Yours sincerely

For JON ANDREWS LTD.
