Hi Michael and Roger,

Please see attached the revised drawing as discussed **20079 - 330 D - Construction Details - Pond Inlet and Outlet Headwalls HW01 & HW02** as well as **Drainage Operation and Maintenance Manual, Rev 02 (Ref. 20079_DMM), March 2022**.

The manual also includes the addition of Section 4.6, which addresses Paul's 5th comment in relation to Condition 21 with regards the watercourses (open and culverted) to be included in maintenance regime. Paul's comments 1-4 should now be addressed by the drawings **20079 - 223 Western Ditch Improvements sht 1 of 2** and **20079 - 224 Western Ditch Improvements sht 2 of 2** issued to Paul on 16th March as per email attached "FW: 20079 – Dappers Lane Western Ditch Improvements". Paul's original comments can be seen on attached email named "FW: 20079 – Dapper's Lane – Ditch Works Land Drainage Consent Application".

Michael, I will respond to your other email issued to me shortly.

Kind regards,

Christian O'Brien
