Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: A/193/20/PL
Site Address: Ham Manor Cottage Ham Manor Way Angmering BN16 4JQ
Description of works: Erection of a 1 No. 3 bedroom chalet bungalow & detached garage. This site is in CiL Zone 3 and is CIL Liable as dwelling.

Thank you for your internet representation made on 12th February 2021 which has been recorded as an objection with the comments as follows:

OWPC33692

The building of such a large house on a small plot giving the proposed property very little garden is a serious overdevelopment of this garden area. It also explains why so many healthy trees on the boundary were cut down last year so that the appearance of the area proposed for the new build would appear more receptive to the current design. The street scene looking north would be drastically changed from one of a garden with the few trees left on the boundary and a thatched house in the distance to a high brick structure which will appear dominant adjacent to the road. The reference to a house being allowed further up Ham Manor Way is not relevant as that house not only had planning permission it is by definition an infill between similar sized houses and does not damage the street scene whereas this application will change and dominate the housing line.

Your views as made above will be considered before the application is determined.
