Dear Nicola

I confirm that I would like the application to proceed without reference to the door and windows and just concern itself with the moving of the stud wall. We will resubmit the windows/door element at a date in the future when we are more fully prepared.

Further to our conversation this morning, please find attached:

1. A revised block plan without the windows/door marked.
2. Attached is a copy of the recent survey.
3. I think you were right and the floor plan hadn't scanned at A4 size as I thought. The attached versions should be better, but if not I've included 2 versions, one with the scale and one without (the file names are differentiated by the number of spaces between the words 'floor' and 'plan').

I hope that makes sense.

Again, many thanks for your help

Kind regards

Nicholas Beeby
