Hi Charlotte
Apologies I sent wrong file
Please find colour PDF version as required.

Regards
A Willett

ps. A (Joint Photographic Experts Group) JPG image does not change the scale of a drawing, the image size can be bigger or smaller but the scale content is the same. When you print a image if you select "fit page" then this can cause a image stretch in some instances.

Dear Mr Willett,

Thank you for your email.

Unfortunately the Location plan you have emailed has come through to us as a jpeg and in Black and white. Could I please therefore ask you resend the Location plan in colour with the red edge going around the site and as a PDF. Unfortunately if the drawing is sent as a jpeg it loses the correct scale it has been printed at.

Many Thanks

Charlotte

Hi Charlotte
please find 1:1250 block plan as requested.

Best Regards
A Willett

Dear Mr Willett,

Apologies for the delay I my response.

I have printed off the documents you have emailed and unfortunately there are a couple of amendments.

We require a Location plan, this would look similar to the submitted Block plan but would be at a scale of 1:1250.

Also, we would ask you label the submitted elevations as to whether they are rear/side/front elevations.

If you require any assistance please do not hesitate to contact me.

Many Thanks

Charlotte

Dear Mrs Burrows
Thank you for your email

I have attached new updated drawings that show all that you ask (i think)
The block diagram is the one accepted for a Cert of lawfulness application the other month, should be ok?
The dimension to boundary you ask to be shown is actually shown on the detailed site plan, where a lot of dimensions are shown, far more than youll ever need.
Also I have included the manufactuers design dawings of the building and one photo.

Let me know what tweeking you need.

Regards

A Willett
