Morning,

From looking at the lighting proposed for each unit, I am happy with the lighting unit GL4612LU for the housing units however would ask the other lighting options are not used as they aren't directional so may result in upward light spill.

Many Thanks

Liz

Hi Michael,

Apologies for only responding now.

Please find attached our Lux Lighting Plans and also our External House Lighting Specifications. A single light will be located beside the front door for crime prevention.

I hope this covers your Ecology Officer's comments but please do let us know if any further information is required.

Many thanks,
Sean
