Nicola,

We have received the attached letter regarding our recently submitted application.

If approved, we recognise that the application would be subject to a Deed of Variation to the original permission, given only amendments to approved plans / conditions are proposed.

At this stage, we do not have any detail as to what the Council's requirements in that regard would be, or indeed whether it will be approved. Our assumption is that the DoV would 'carry over' the obligations in the existing s106. As such, we cannot provide anything further at this stage, and would respectfully suggest that it is for the Council to provide a draft of this document in due course in any case, not the applicants.

I would therefore ask you to validate this application without further delay, and we can deal with this matter with the case officer through the determination process.

Many thanks.

Regards
Tim
