

Recommendation Report for Listed Building Consent for Alterations, Extension or Demolition

REF NO: A/208/16/L

LOCATION: White Lodge
Rectory Lane
Angmering

PROPOSAL: Application for listed building consent for single storey side extension

SITE AND SURROUNDINGS

DESCRIPTION OF APPLICATION	As above. The proposal relates to a single storey side extension measuring 5m wide by 7.5m deep with a ridge height of 6.8m. It would be constructed of materials to match the existing.
SITE AREA	N/A
RESIDENTIAL DEVELOPMENT DENSITY	N/A
TOPOGRAPHY	Predominantly flat.
TREES	None of any significance affected by the proposed development.
BOUNDARY TREATMENT	2m and 0.5m high flint walling and hedging on frontage and side boundary
SITE CHARACTERISTICS	2 storey property with gabled dormers and steeply pitched hipped roof. Plain tiled roof and white painted rendered elevations.
CHARACTER OF LOCALITY	Predominantly residential characterised by a mix of dwelling style. Recreation ground opposite.

CONSULTATIONS

Listed Building Officer
Conservation Officer

Consultations responses received:

Historic Building Adviser - The design of the actual extension is now acceptable. My only remaining concern is the amount of wall being removed on the ground floor, especially under the beam. I believe this was raised with the previous scheme.

Conservation Area Advisory Committee - Objection. Size and scale are overbearing and gives rise to an unbalanced appearance to the main building which has a principally symmetrical appearance therefore the proposal detracts from the listed building and thus the conservation area.

Comments on Consultation responses:

Comments noted. The application has been amended from a 2 storey to a single storey extension to accord with the Historic Building Adviser's request. The final element of contention, is in the request to close down the width of the opening in the Victorian wall, which will be entirely internal. The ground floor has retained significant nibs of the original end elevation and these are considered to satisfactorily act as a record of the development of the building. The applicant has ensured, through stepping back the wall lines externally, leaving substantial nibs and by the necessity of a down stand internally, that the original external wall will be legible as such. The fabric which will be lost is of little historic value. This coupled with it being entirely within the applicant's home, not a visible change to the public realm, and in the least sensitive part of the building, has meant that the proposal is considered acceptable even though this view is not shared by the historic building adviser. To alter the internal layout as requested would fundamentally restrict the function of the space which the applicant is seeking to add.

POLICY COMMENTARY

The Development Plan consists of the Arun District Local Plan 2003, West Sussex County Council's Waste and Minerals Plans and Made Neighbourhood Development Plans.

A new local plan is in preparation may be a material consideration when determining Planning Applications. At this stage the Arun District Local Plan 2011-2031 (Publication Version) October 2014 and supporting documents were submitted for independent examination on 30 January

2015. The Examination into the submitted plan was commenced but is currently suspended whilst Arun District Council addresses matters raised by the Inspector.

A number of Main Modifications to the Arun District Local Plan 2011-2031 (Publication Version) October 2014 were approved by the Council on 22nd March 2017 and consultation on these is taking place 10 April 2017 to 5pm on Tuesday 30 May 2017. The Main Modifications should be read alongside the Arun District Local Plan 2011-2031 (Publication Version) October 2014 and where there are changes the Main Modification may also be material consideration to take into account.

Arun District Council's Development Plans:

Paragraph 215 of the NPPF ensures that specific policies in Arun District Local Plan 2003 can carry weight. The weight afforded to the policies with Local Plan policies can be assessed according to their level of consistency of the various policies with the National Planning Policy Framework.

Paragraph 216 of the NPPF confirms that weight can be given to policies in emerging plans from the day of publication. The Council resolved that the policies and maps in the Publication Version of the Local Plan be used are material considerations in the determination of this planning application. The emerging Plan was submitted in January 2015 and the examination is currently suspended. The examination is due to re-commence in summer 2017 following publication of modifications to the Plan.

The policies are published under Regulations 19 and 35 of the Town and Country Planning (Local Planning) (England) Regulations 2012.

The Neighbourhood Development Plan

Where applicable, Neighbourhood Development Plan's (more commonly known as a neighbourhood plan or NDP), once made by Arun District Council, will form part of the statutory local development plan for the relevant designated neighbourhood area and policies within them will be considered in determining planning applications. Made NDP policies will be considered alongside other development plan documents including Arun District Council's Local Plan. Whilst an NDP is under preparation it will afford little weight in the determination of planning applications. Its status will however gain more weight as a material consideration the closer it is towards it being made. Arun District Council will make reference to an NDP when it has, by the close of planning application consultation, been publicised for pre-submission consultation (Reg.14).

Made Plans in Arun District Council's Local Planning Authority Area are: Aldingbourne; Angmering; Arundel; Barnham & Eastergate; Bersted; Bognor Regis; Clymping; East Preston; Felpham; Ferring; Kingston; Littlehampton; Rustington; Walberton; Yapton. The written Ministerial Statement of 13 December 2016 confirms that relevant policies for the supply of housing in Neighbourhood Plans should not be deemed to be out of date where all of the following circumstances arise;

- The NDP has been part of the development plan for 2 years or less or the ministerial statement is less than 2 years old
- The NDP allocates sites for housing
- The Council can demonstrate a three-year supply of deliverable housing sites

Arun District Council will make reference to an NDP when it has, by the close of planning application consultation, been publicised for pre-submission consultation (Reg.14).

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 16(1) of the Planning (Listed Buildings & Conservation Areas) Act 1990 states:

"In considering whether to grant Listed Building Consent for any works, the Local Planning Authority shall have special regard to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses."

Where the building is located in a Conservation Area, Section 71(1) of the Act states:

In the exercise, with respect to any buildings or other land in a Conservation Area of any powers (under the Planning Acts), special attention shall be paid to the desirability of preserving or enhancing the character or appearance of that area.

The proposal is considered to comply with these criteria in that it is not considered to materially affect the character or the setting of the Grade II Listed Building or the character of the Conservation Area.

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

The application has been amended through negotiation from the 2 storey side extension originally submitted to a single storey. The ground floor element has been redesigned to have a subservient form, which is smaller than the Victorian extension, which is itself subservient to the main body of the house. The new window openings have been reduced, and a roof light omitted, the line of the front and rear walls have been set back from those of the Victorian extension, so that the original wall lines and extent can be read externally. Substantial nibs have also been retained within the extended room internally to ensure the original gable wall will still be able to be understood internally, together with a down stand to the opening.

The materials and design are considered to complement the existing dwelling and the alterations now proposed would have no adverse impact on the character or appearance of the listed building.

The application is therefore recommended for approval subject to the following conditions

RECOMMENDATION

APPROVE CONDITIONALLY

- 1 The works for which Listed Building Consent is hereby granted must be begun not later than the expiration of 3 years beginning with the date of this consent.

Reason: To comply with Section 18 of the Planning (Listed Building and Conservation Areas) Act 1990.
