Subject: Urgent Application Ref: A/176/17/PL

Dear Ms Gardner

I write to object to the application for Certificate of Lawful Development on A/212/17/CLP. I object with the conditions of your previous rejection A/176/17/PL on policy grounds.

I believe that the 1957 planning consent should be rejected on those conditions.

I am also concerned that there seems to be no definitive legible plan available in the A/2/57 file at the council offices.

I would also mention the recent proposed sale of garden plots that continues to diminish the effect of the green space plan.

Yours sincerely

Roger P Mowat
