Subject: Your Decision

Dear Mrs Gardner ,

The plan posted on the 5.3.18 is the same plan we have previously seen in varying guises.

It is not an official Land Registry Document as was claimed.

It is only an Auctioneers and Estate Agents Plan.

There are no plans or documentation in the A/2/57 file, to support the claim that The open space at the ninth was ever included in the 57 outline consent.

I would respectfully ask that the Certificate of Lawful Development be rejected Yours sincerely, Terry Linkhorn.
