Dear Sir/Madam,

**Town & Country Planning Act 1990 (as amended)**  
**Town and Country Planning (Development Management Procedure) (England) Order 2015**

Application No: A/222/24/PL  
Site Address: Sports Pavilion Decoy Drive Angmering BN16 4DN  
Description of works: Demolition of existing pavilion; erection of new Sports and Community Hub comprising of new 3G football pitch, improved turf pitches for football, multi-use games area, locally equipped play area, hub building, storage facility, car parking, EV charging points, access road, landscaping, associated works and infrastructure. This application is a Departure from the Development Plan and is in CIL Zone 3 (Zero Rated) as other development.

Thank you for your internet representation made on 16th January 2025 which has been recorded as no objection with the comments as follows:

OWPC73591

1) Although there is no objection to the principles of the site APC felt that the entrance to the site at Option 1 was a far safer option considering the existence of a junior school (St Margaret's) on the opposite side of Arundel Road in close proximity to the proposed access at Option 2 - Unfortunately, at school drop off/pick up times this part of Arundel Road experiences excessive parking and all that entail with school children together with speeding from through traffic thereby making the act of crossing the road very dangerous. With Option 1 in place, the drop off/pick up points can be via the car parking arrangement on the Sports Hub site with adequate footpaths provided and a visible, safe school crossing point over Arundel Road. APC therefore requests that a greater effort to use Option 1 is made with the other developer in the interest of road safety. With Option 2 this should remain as a footpath and cycle path as it currently is.

2) Although APC has no objection to the proposed construction of the pavilion, as it stands, it does feel that an opportunity has been missed by not making this a two-storey building for the greater benefit of the local and wider community as well as a prime district sporting venue, therefore, if at the moment this is not possible, APC proposes that the footings, groundwork and construction materials of the pavilion are robust enough to withstand the construction of an additional storey at a future date.
