Hi Simon

Ok that's fine we have species and height ... Elm must be disease resistant variety such as Ulmus New Horizon (or similar) fruit trees not so important re variety.

Confirm happy now with the information submitted.

Regards

Sue

Hi Sue,

Applicant has confirmed:

- G2 Tree – Elm with a height of approx. 5m
- T5 Tree – Magnolia with a height of approx.. 5-6m
- G7 Tree – mixed Fruity with a height of 5m

I'm not sure what the Fruity will be exactly but overall is this now fine?

Hi Simon

The information submitted in the revised Landscape Proposals LSP/073/001 REV C dwg is generally suitable, but please ask the applicant to confirm the species and the height at time of planting of the three additional indicated trees.

Thanks

Sue
