To The Planning Dept
Arun District Council

Dear Sir/Madam

Concerning planning application A/23/15/005.out

The proposed plans for a roundabout in Brook Lane, so close to the main carraigeway will make entering the lane dangerous. This is the only safe area for cars to overtake slow moving vehicles for many miles.

My interest in this proposal is as a resident of Brook Lane. The lane is fequently entered by large service vehicles. And the roundabout so close close to the main road would be restrictive to the free flow of the traffic on the main carraigeway.

Yours Sincerely

[REDACTED]

Miss C Cripps
