

Planning Officer: Neil Crowther
Planning Application Ref: A/23/15/OUT
Location: Land south of New Road & East of Brook Lane, Angmering
Description of works: Hybrid Planning Application

Comments On Application:

- I am not quite sure what I am being asked to comment on here as the site has an extant planning approval?
- I have reviewed the tree content and there is nothing of any real merit within the site.
- I have also read Dafydd Lloyds report of 4th April 2015 and this seems to adequately sum up the situation as far as trees and the proposals are concerned.

Conclusions & Recommendations

- They should be developing as shown on the layout plans approved and in strict accordance with the tree protection measures specifically detailed in **Middlemarch Environmentals - AMS Report [RT-MME-117420-03-Rev A] & Tree Protection Plan [C117420-03-01 Rev A –January 2015]**.
