Planning Application No: A/23/15/OUT

Tracker Number: 82614 and #5931

Dear Claire,

Thank you for your email of 26th September 2018 inviting Highways England to comment on the Substitute Highway Access plan associated with the above application.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the Strategic Road Network (SRN). The SRN is a critical national asset and, as such, Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs, as well as in providing effective stewardship of its long-term operation and integrity. We will therefore be concerned with proposals that have the potential to impact the safe and efficient operation of the SRN, in this case the A27.

Having examined the above substitute plan, we are satisfied that the amendments will not materially affect the safety, reliability and / or operation of the SRN (the tests set out in DfT C2/13 para 10 and DCLG NPPF para 32). Therefore, our previous no objection response of 9th April 2015 is still applicable.

Should you have any queries regarding this response, please contact us at:

Regards,
Sent on behalf of Elizabeth Cleaver Assistant Spatial Planning Manager Area 4
