Dear Mr Easton,

I strongly oppose the above amendment to the planning permission for new route with an ANPR camera and no physical barrier. My reason behind this is very simple sappers has two major pinch points where there is barely enough room for one car, yet alone one bus. The Lane also caters for walkers, cyclists, horses and has an abundance of wild life. The 525 new house will mar some of these. Also there is barely any pedestrian footpaths for walkers.

There has been two small sections created by current builders but this is nowhere enough for safety of general public. Please register my objection to this proposal.

Lynne Batchelor
