Re: applications:
A/248/21/PL
A/256/21/RED

Dear David,

With reference to the above applications I wish to make my objection known to the removal of a physical mechanized barrier at the pedestrian/bus route between Dappers Lane & the Rydon home development North of water lane, Angmering.

I strongly oppose the replacement of a physical barrier with an ANPR camera which will not be an effective deterrent.

This will make Dappers Lane particularly hazardous to the many walkers & cyclists who use this lane to access the national park.

Yet again a building company shows scant regard for the local residents in the desire for ever increasing profits.

I despair at the way building companies are allowed to ride rough shot over planning applications.

Yours sincerely

Rachel Jukes
