Dear Mr. Easton,

I would like to add my voice to the opposition to variation of condition 4 of the above planning applications. I am a regular user of Dappers Lane to access the south downs by foot and I am all too aware that vehicles simply ignore the current 'No access' signage. I have personally witnessed both private and construction traffic flaunt the rules and as well as being dangerous it spoils peaceful enjoyment of the access road. As others have pointed out, an ANPR camera will simply be ignored, especially when word gets out that there are no sanctions. I think the developers have tried to slip this through in an underhand manner and I wish to register my objection to this flagrant attempt to hoodwink the planning department. Thank you.

Yours,

Robert Allen.
