Dear Mr Easton

It has been brought to my attention that the above two applications will have a detrimental effect on traffic on Dappers Lane, and indeed, I feel this will also have a knock on effect to traffic through the whole of Angmering. I would, therefore, like to lodge an objection to both of these, as a resident of Angmering.

To be honest, I have received an email detailing the differences between the two applications which relate to one saying a barrier will be used to prevent traffic and one a camera and obviously a barrier will work better. That aside I am concerned, separately about the amount of homes being built in and around Angmering, and feel it will have a detrimental effect on the village and would like to object to any further developments in the surrounding area of Angmering.

Kind regards
Jill Turner
