

TO ANGMERING PARISH COUNCIL.

REF to A/248/21/PL THE OVAL MOTOR SITE WALTER LANE.

I am objecting to plans to extend the site on the Oval Motor site as RYDON HOMES are saying that the housing of 525 homes are crowded ,the answer is surely less houses ,on the planned site .?

By reducing the houses it will prevent pasture land being disturbed and allowing wildlife to remain, as well as not add to the flooding problem that ends up along Water Lane.

I have lived in Angmering for over 78 years, I know villages have to change to thrive But the lost of green spaces has been considerable in the last few years ,and has been replaces with concrete which impacts on the flooding.

Regards W Gregory.
