Dear Sir,

I wish to register my strong objection to the variation of condition to planning application A/248/21/PL (extension of the built area of the site beyond that approved in the outline planning permission).

I object on the grounds of destruction of yet more wildlife habitats, impact on insect life and removal of further pasture land.

I'm astounded by the audacity of the developers . If they think the original site plan is too crowded then build fewer houses.

One would have to wonder how competent they are if they hadn't worked this out when submitting the original plans.

Never mind 'levelling up' it seems the policy for the south of England is 'concreting over.'

Yours sincerely,

Rachel Jukes
